YOUR FUNDRAISING POWERS PRECISION MEDICINE

Thank you! Your fundraising is driving the **Terry Fox Research Institute's** largest investment ever - over \$60 million to fund highly collaborative, world-class scientific teams and projects. These teams are accelerating discoveries to improve and save the lives of cancer patients, while advancing precision medicine through the **Marathon of Hope Cancer Centres Network**.

At the heart of this work is a "made in Canada" Digital Health and Discovery Platform, enabling researchers to securely share and access data across a federated network - speeding up breakthroughs and bringing new treatments closer to those who need them most.
